

THREE ADMIT THEY COMMITTED CRIMES

One Jail Breaker and Two Burglars Confess and Are Sentenced.

GOES THROUGH JAIL WALL

MIDWAY PRISONER PROSECUTED FOR TRYING TO ESCAPE.

If you are confined in jail for any petty offense and you think it is invitingly easy to escape, would you take the chance?

Perry A. Day did just this at Midway on the night of April 19, but officers were waiting for him, and Day then faced the more serious charge of injuring jail property. He knocked a few of the bricks out of the wall of the Midway jail and was then taken to the county jail.

Yesterday he appeared before Judge T. D. Lewis of the district court, entered a plea of guilty and was sentenced to serve six months in the state prison for the attempted jail delivery. In which he was to deliver himself alone. Judge Lewis thought the man answered a human instinct to fight for freedom, and for a time was for giving him only a county jail sentence.

James Heyman and Pat Milligan both entered pleas of guilty to the charge of burglary in the third degree when arraigned before Judge Lewis, and were sentenced to serve one year each in the state prison. They entered the home of Mrs. J. Creamer, 557 West Fourth South street, on March 25.

Fred H. Luddy, charged with forgery, entered a plea of not guilty before Judge Lewis.

TERRIBLE CASE OF ECZEMA CURED

Body and Face Covered with Itching, Painful Eruption—5 Years of Suffering Beyond Description—Thought Death was Near.

WANTS WORLD TO KNOW OF CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies. I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem that I was better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and an application of Cuticura Ointment. I continued with the Cuticura Soap and Cuticura Ointment, and have taken four bottles of Cuticura Soap, and consider myself well. This was nine years ago and I have had no return of the trouble since. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address. Mrs. Altie Etson, 931 Inn Road, Battle Creek, Mich., Oct. 16, 1909."

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among skin-tormented disfigured infants and children, and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as a priceless treatment for the skin. Eczema, rashes, and every form of itching, burning, scaly humor are speedily cured by Cuticura. In the majority of cases, when all else fails, Cuticura Soap (50c) and Cuticura Ointment (50c), are sold throughout the world. Putzer Drug & Chem. Corp., Sole Props., 137 Columbus Ave., Boston.

fore Judge Lewis, and the date for his trial was not set. The information charges that on October 29, 1909, he forged the initials "P. C. W." on a check for \$113, and also committed forgery by the use of the rubber stamp of the Electric Manufacturing & Repairing company on a check on the State Bank of Utah.

WOMAN PUT OFF TRAIN ASKS \$10,000 DAMAGES

Mrs. Edith P. Slatter Says Conductor Tried to Collect Her Fare Twice, But She Refused.

Elected from a train three miles from her destination, compelled to walk more than a mile with two children, and then compelled to stand on the outside of a closed depot most of the night, are the chief allegations in a complaint filed yesterday in the district court by Mrs. Edith P. Slatter against the Oregon Short Line Railroad company, in which she demands \$10,000 damages.

Mrs. Slatter says she bought a ticket at McCammon, Ida., on August 15 last, to go to Dayton, forty miles away. She was shortly after 1 o'clock when she boarded the Short Line train at McCammon. She had her two children with her. She said the conductor took her ticket, but failed to hand her any conductor's slip. After collecting her ticket, she says the conductor returned and demanded her fare. She refused to pay, the train was stopped and she was ejected three miles from Dayton. She walked back to Garner and finally got a train to Dayton.

PARTIAL DISTRIBUTION OF SAUNDERS ESTATE ASKED

Petition for a partial distribution of the estate of B. F. Saunders was filed in the probate division of the district court yesterday by Edgar L. Clark, administrator. Since the appointment of Mr. Clark on September 4, 1909, the petition states that he has received a check for \$42,322.16, which \$29,000 was received from the partnership of Haley & Saunders, sheepmen, and the balance from life insurance companies. Clark asks the right to distribute \$23,000 as follows: \$10,000 to Mrs. Mary R. Peabody with all of the household effects; \$10,000 to the estate of Dr. Louis E. Saunders, and \$3,000 each to eight heirs named in the will. The \$30,000 received from the Haley & Saunders partnership interest in the sheep business will later be increased by about \$10,000.

WIFE NOT LIABLE FOR HOUSE HUSBAND BUILT

That a lien cannot be maintained against the property of a woman whose husband has contracted for the erection of the house, was the burden of a judgment rendered by Judge C. W. Collins yesterday in the district court in the suit of the Pacific Lumber company against Mrs. Laura M. Snelgrove and her husband, who are defendants. The lumber company furnished lumber to Liddell, the contractor, who erected a \$3,000 house on the property of Mrs. Snelgrove, at 1010 S. 2d St., Salt Lake City. The house is near Third East and First South streets. Judge Morse granted a judgment for the lumber company against Mrs. Snelgrove, but entered personal judgment of \$692.62 against the husband, and attorney's fees of \$25 against the lumber company as attorney's fees.

CHARGES MILLER WITH TWO KINDS OF BURGLARY

R. Miller, now in the city jail, is charged with burglary in the second and third degrees in two complaints issued by the county attorney yesterday for two crimes. The second degree burglary is alleged to have been committed by Miller in breaking into the room of J. C. Roff, No. 6 of the Bransford, on the night of April 18. The other charge is that Miller entered the room of D. W. Phelan, No. 4 of the wood apartments, 530 East Third South street, on May 3. The arrest was made by Patrolman Henry Betz, who swore to both complaints.

PAYS \$300 FOR DEATH

Judge George G. Armstrong of the district court yesterday rendered judgment in favor of Eva Downing and Ralph Downing, by his guardian, C. W. Collins, for \$300, against the Denver & Rio Grande Railroad company, on a compromise. The action was brought by the death of Fred J. Downing, a fireman for the Rio Grande, at Garfield on November 17, 1908. The suit was for only \$300 damages, and this amount was paid by the railroad company.

JUDGMENT FOR PIANO

Judgment for the Consolidated Music company was yesterday entered by Judge George G. Armstrong against Ben Ravitch for \$572.50 on a piano purchased a year ago. Default of Ravitch was entered on April 18, and the judgment was filed yesterday, with \$50 added for attorney's fees.

ENGINEERS TO TESTIFY

Owing to the fact that Frank Anderson, C. P. Brooks and C. W. Burton, the three engineers who made a survey of the Parsons slope, had not completed the work of extending their notes, the hearing before Special Examiner J. W. Christy in the Silver King Consolidated Mining company's suit against the Silver King Coal and Iron company was continued till this morning when the three surveyors will be placed on the witness stand.

NEW MAP OF UTAH FOR SALE

Work of Conservation Commission Progressing Nicely, Says Col. B. B. Mann.

Col. B. B. Mann, clerk of the Utah state conservation commission, stated yesterday that the new and complete map of Utah, showing the state's resources, is well under way and that he is meeting with much encouragement from the different county commissioners who have been requested to forward county maps with all data to the commission's headquarters in Salt Lake. Among those who have already forwarded maps are the county commissioners of Salt Lake, Rich, Utah, Weber, Davis, Morgan, Carbon and Kane counties. One of the finest maps so far received is that of Kane county, forwarded by County Surveyor Frank L. Porter. Following is the data of the resources of Kane county: Agricultural acreage, 6,240; pasture (individual), 45,000; public range at large, 624,420 acres; irrigable land, 5,900 acres; reclaimable land, 2,580 acres; timbered land, 40,000 acres; timbered cedar, 50,000 acres; coal deposits, 17,000 acres, with an estimated depth of half a mile. Roads, 200 miles.

Col. Mann says that the demand for a correct and up-to-date state map is most urgent. He is receiving requests almost daily from the east for a map from people who are anxious to learn of the state's resources. The best kind of advertisement is the sending broadcast of a complete state map. All of the county commissioners in the state have been requested to send in a correct map, together with their county's resources, and no doubt a great many of these maps are now in course of preparation. Col. Mann states that the state will pay half the cost of the preparation of such maps, which will benefit the individual counties more than the state. The sooner the maps and data are received by the commission the better it will be for the counties.

BARB HUMOR IN CENSUS

Supervisor McMillin Reprimands Citizens Who Try to Be Funny in Their Answers to Questions.

James M. Elliott, the census enumerator assigned to the Ninth district, which comprises a portion of Box Elder county, has sent in his resignation to Supervisor Hugh A. McMillin and William D. Pyper of Salt Lake, has been appointed to complete the work. The reason given for Elliott's resignation was sickness, but Mr. McMillin is inclined to doubt this and is of the opinion that the enumerator threw up his job because he got tired of traveling long distances through a rough country. The supervisor is having no little trouble with people with a sense of humor, who look upon the taking of the census as a huge joke. Some of the humorists on one of the filled in their schedules with funny remarks and alleged victimhoods, instead of the data as required by law. A number of these cases have reached the census office, and in two instances where the names and addresses of the enumerators were known to the supervisor, he has written them notifying them that prosecution will follow their failure to give the proper information.
